

ADULT COVENANT AND UNDERSTANDING OF THE ADULT ROLE

As an adult mentor and sponsor of the youth from my church, I realize that this is a weekend for spiritual growth for youth as well as myself.

I will follow the covenant and help all of the youth to follow the covenant, calling attention to the covenant when necessary.

I will help keep the youth in the assigned areas of the church where we stay and in the assigned area of the Expo Center, monitoring the youth from my church and helping with all of the youth.

I will help the youth to get sleep in our assigned sleeping location.

I am Conference Safe Sanctuaries trained and certified and will follow the Conference procedures of conduct.

I realize that I should not be alone(one on one) with any youth.

I understand that there will be at least two adults in the sleeping room.

I understand that I am the adult and must set the boundaries of touching and as well as set the guidelines of conduct. I am an adult and not one of the youth.

I have read the youth covenant and will help enforce the covenant, working with the other adults present.
